

## **“Pot Luck Ceramics Spotlight on The Community”**

Ever since Pot Luck Ceramics moved into the “The Pot Luck Cottage” on 4473 Gertrude Street, the higher visibility and presence in the community has sparked many non-profit organizations to apply for donations from the Port Alberni Fundraising Coop, the owner of Pot Luck Ceramics.

It is the coop’s mission to financially support Quality of Life programs and services delivered in the community of the Alberni Valley. In years past the fundraising coop has supported the kitchen of Ty Watson House and the Better@Home senior service program. These donations are generated through the retail sales at Pot Luck Ceramics, a business 100% operated by volunteers.

At their AGM in March, the members of the Port Alberni Fundraising Coop decided to donate \$10,000 to Ty Watson House in 2018. They also decided to listen to the community and to add another local charity to receive a \$10,000 donation in 2018.

We are a community service store, creating revenue for Quality of Life in our community.  
It only makes sense to ask our community:

**What charity is important to the people who live in the Alberni Valley?**

**Please tell us what program or service in the Alberni Valley, YOU THINK, should receive a**

**\$10,000 Donation from Pot Luck Ceramics.**

**YOU** can now nominate a local charitable program or service at Pot Luck Ceramics on 4473 Gertrude Street.

**Nominations can only be made in person at the store:  
Starting May 8 until August 18**

*-only one nomination per person-*
